Subject: Kalamazoo River Meeting Oct 21/22 in Plainwell, MI
Date: Wednesday, September 25, 2013 1:06:00 PM

Jeff and Paul,

I spoke to Chase today regarding a potential meeting on 10/22 to discuss the Area 1 FS comments and some other issues. Chase wants to hold the meeting in Kalamazoo, most likely the Comfort Inn in Plainwell, MI on 10/22. However, it considering other topics such as Area 2 ASTM, Area 3 sampling and potentially the Otsego Township dam removal we thought it might be necessary to have the meeting start the afternoon of 10/21 and end the afternoon of 10/22. At a minimum we want to have a meeting on 10/22. However, I wanted to check everyone's ability to get to Kalamazoo for a 1 pm eastern start of the meeting?

Let me know what works for everyone by the end of this week, as Chase will have to get the facility set up.

Thanks
Jim
